

REGISTRY OF CANADIAN APEC ARCHITECTS

March 2022

OVERVIEW

Canada is a participant in the APEC Architect Project that assists with the facilitation of registration arrangements for members in good standing in their jurisdiction. Within participating economies, senior architects apply to be recognized as APEC Architects in their 'home' economies, as per the attached form. This entitles them to apply for fast-track registration in other 'host' economies with which their home economy has entered into reciprocal APEC Architect arrangements, e.g., mutual recognition agreements (MRA).

REGISTRY

APEC Membership Number	Name	Email	Home Jurisdiction
CA-001	Scott Kemp*	scott@smkarchitect.com	British Columbia, CANADA
